

TYLER HAYDEN

Tyler Hayden

It gives me **great pleasure** to introduce our guest, Tyler Hayden. I think you'll agree that Tyler should come with a **warning label** that reads: Contents explosive and most definitely contain nuts.

Tyler is a full-time professional speaker and author of books, app's and games. He travels across the country speaking to groups about **having fun** and getting the most out of life. Not only does he speak about **living every single moment of every single day**, he is doing just that. From **jumping** off cliffs in the Swiss Alps, to **swimming** with Great White Sharks in Australia, **naked** wilderness survival in Canada's north, **driving** 187 km/h in a real NASCAR, and above all **marrying** a beautiful Cape Breton woman, Tyler truly is Livin' Life Large!

Tyler is a **team** design expert. He has worked for **almost two decades** building teams with groups from the YPO and PMI to Bell and Honeywell. In addition to speaking and team consulting Tyler operates the only **farm** in the historic town of Lunenburg and is a town councillor.

Please make sure your **seat backs are up** and your tray tables are stowed - 'cause we're in for one heck of a ride! Please help me in welcoming, Canada's answer to alternative energy, Tyler Hayden!

Tips for Introducer:

Make sure everyone is "quiet".
Remind to turn off cell phones.
Read the text in **italics/bold** with emphasis,
plain text with regular intonation.
Read a bit slower than normal.
